Flavor Machine

From slushes and frozen cocktails to fruit smoothies and iced coffees, the Flavor Machine High Performance Frozen Beverage Systems will increase profits and attract new customers! With three models to choose from, there is a Faby Skyline that is right for your business; One 10 liter bowl (FM 1), two 10 liter bowls (FM 2) or three 10 liter bowls (FM 3).

- Advanced air circulation gives the cooling system long life and high performance even in extreme conditions -spiral agitation system creates smooth, consistent discharge of product
- 10 liter poly carbonate bowls are easy to re-fill and a breeze to keep clean
- Rear mounted LED lights draw attention to your frozen beverage program
- "Night Mode" operation maintains the integrity of the product during low draw periods and significantly reduces energy consumption
- Exclusive two year parts warranty!
